Hello!

I'm Janice. I want to tell you why Chichibu is a special place for me. First, I love nature. Mountainous area also reminds me of my hometown in the Philippines. Second, we have everything we need. There are supermarkets, good restaurants and a lot more. And finally, I love its people, they are friendly and kind. Good people make a place special and comfortable to live. Do you like Chichibu like I do?

Life is a Festival

Festivals are not just celebrated for cultural* or religious* reasons. Festival bring people together and create a sense of belonging in the community*.

One of the most famous festival in my hometown in the Philippines is the Flower Festival. It means "season of blooming*". It has three main activities. First, Float parade- Vehicles are covered with flowers. Second, Street Dance- Many people dance in flower costumes. Lastly, Session Road in Bloom- We can see the food and products of the city.

I also like festivals here in Japan. The most amazing part for me is the fireworks and the food stalls*. I am excited to go to the Chichibu Night Festival in December.

I am looking forward to see you there! Please say Hi when you see me!
